Dear Ms. Jacobs:

Browning-Ferris Industries has asked us to assist it in responding to your letter of May 21, 1980 in which you request certain information regarding the disposal of waste materials from Northeastern Pharmaceutical and Chemical Company (NEPACCO) and Syntex Agri-Business, Inc. (Syntex).

BFI does not have any records pertaining to NEPACCO.

The records pertaining to Syntex are enclosed. Per my conference on Friday, May 23 with Renelle Rae, I have masked the portions of the hazardous waste log which do not contain references to Syntex.

I enclose the following documents in response to your request:

1. Copy of September 1, 1976 letter from Missouri Department of Natural Resources to BFI authorizing BFI to dispose to "bromine derivatives in beta-naphthol" from Syntex.
2. Portion of BFI's November 1976 hazardous waste log showing waste received from Syntex, with copy of Level B plat attached.
